Primary Election reveals new Poll Pads

At the August 13th primary election Fredenberg election judges introduced the new poll pads.

The Poll Pad is an electronic voter check-in and verification device, paired with a secure apple I-pad application.

- Essentially as easy as using any electronic tablet.
- Easy to use and secure.
- Requires no peripherals or connections during election day.
- Used by many Minnesota Counties already.
- No more paper rosters!
- No more paper Election Day registration!
- Shorter lines (35-40 seconds per voter).
- Election Management much smoother.
- Clerk can transmit voter data.
- Voter data up to date.
- Improved Accuracy from voters.
- Easy reminders of voter requirements.
- Greater checks for voter fraud/mistakes.

There was a positive reaction from voters to the poll pads. There were 214 voters in the primary which is a 18.8% of the total eligible voters.

Pictured below are election judges with the poll pads in the foreground.

The annual fire hose testing was performed. Members attended the St. Louis County Chief's meeting, the Rice Lake Fire Department Red Run, provided traffic control for the Brewhouse Triathlon at the turn around point for the bike long course and participated in the Community Night Out.

Our Rescue truck was repaired and back in service on July 18th.

With fall coming soon and as the weather cools the threat for wildfires increase. One way to prevent a potential wildfire is to practice safety around campfires.

Did you know? Approximately 98 percent of wildfires in Minnesota are caused by humans. Smokey Bear was created in 1944 and reminds us that "Only You Can Prevent Wildfires." More than 50 wildfires are started each year in Minnesota by campfires that are not completely extinguished, too large or unattended.

Campfire Safety

- Use a fire ring and build your fire at least five feet away from any combustible material.
- Keep a bucket of water nearby to put out the fire.
- Keep a kid-free zone of three feet around the campfire.
- Never leave your campfire unattended.
- Check burning restrictions with the DNR before starting your campfire.

Thankfully, this IS the DFL Party of my grandparents

Key party platforms when the DFL formed in 1944 are still the foundation of the party today:
protecting workers, small farmers, natural resources, social security.

The July Fredenberg Newsletter published an anonymous opinion piece full of just that, unsubstantiated opinions. Disinformation can be harmful because some readers might take it as being factual. We deserve to know that what we read is the truth and not opinion.

The DFL Delivers!

Caring for our families in our Fredenberg Township and all across Minnesota:

Paid family and medical leave, sick leave
Child tax credit and childcare tax credits
Free breakfast and lunch for all MN K-12 students
Free college for low-income families
Abortion rights and access protected
No state tax on Social Security income for most elders
Affordable house, rental assistance - \$1 Billion investment
Emergency funding for nursing homes - \$300 million

Labor legislation:

Worker's rights and unemployment insurance improved
Job training and economic development programs funded – \$23.85 million

Safety legislation:

Background checks for private gun transfers
Red flag warning systems for people at risk of harming self and others
\$300 Million for Direct Public Safety to local communities

Local investments:

Funding for rural broadband
Delivered Hermantown Arena Expansion funding - \$7.5 million
Extending Rice Lake water & sewer utilities - \$1.6 million
EMS office created and Emergency Aid of \$24 million to MN Emergency Medical services
\$300 Million for Local Government/County Aid

This is just a small representation of what happens when Democratic legislators listen to their constituents and do the hard work of negotiating and reaching out to all Minnesotans. We all benefit from healthier families, with better housing, emergency services and job improvements as money well spent. The results of the careful investments throughout Minnesota will be felt for years to come. We're proud to say we think it works for all of us.

Respectfully submitted, Peggy Donahue and Joan Sutliff, Fredenberg Township residents
